Notes.

1. The differences which exist between the two first columns in Schedule No. 1, and the totals of the corresponding columns of the Barony Returns, Schedule No. 2, arise from the following circumstance:—In Schedule No. 1, the value of the exemptions is included, because the cost of the valuation is rated on the gross amount of the valuation of each county; in the Barony Returns the exemptions are excluded, as the per-centages on the Grand Jury Cess could be properly declared only on the taxable contents of each county.

2. If the present Returns be contrasted with the corresponding Returns of last year, some differences will be observable, these differences have arisen in consequence of alterations made in some items of the valuation by the Committees of Revision, which at subsequently to the last Returns.

3. In the Grand Jury Return of Antrim, the expense of the valuation of the county exceeds that in Schedule No. 1, by 128*l.* 6*s.* 9*d.*; this difference has probably been occasioned by the expense incurred by the county in printing the Valuation Lists.

Notes.

1. If the first and second columns in the Barony Returns, Schedule No. 2, be added, the amounts will be found different from the totals of the counties as given in the corresponding columns in Schedule No. 1. These differences arise from the following circumstance:—In Schedule No. 1, the value of the exemptions is included, because the cost of the valuation is rated on the gross amount of the valuation of each county, in the Barony Returns the exemptions are excluded, as the per-centages on the Grand Jury Cess could be properly declared only on the taxable value of each county.

2. The valuation of the county of Fermanagh not having been completed until the 28th June last, the Returns could be furnished only for the Summer Assizes 1841, as is to be in accordance with the Order of the House of Commons.

3. The valuation of the county of Leitrim was not completed until the 18th of February last; consequently no assessment has as yet been made under the valuation.

4. The Barony Returns for the county of Louth for 1840, as ordered by the House of Commons, cannot be furnished as the County Cess was not levied under the valuation for that year.

5. The Returns for Meath could be only partially given, as the levies for nearly all the Baronies, for the years 1840 and 1841, were made under the old regulations. The County Cess for all the Baronies has been levied under the valuation, only for the Summer Assizes of 1841.
